Rizgar,

Lining up our schedules continues to be hard. I'm on work travel 9/14-17 and out on the 21<sup>st</sup>. Barbara is out the 23<sup>rd</sup>. How is the last week of September? We currently have a grant meeting scheduled for September 30 in Berkeley. We could tag onto that some extra time if you plan to go to that meeting, or we could meet another day, perhaps that Monday or Tuesday. Do any of those options work? Thanks, Tom

Hi Tom,

Thank you. I am doing well . How are you.

I am open on both proposed dates. Unfortunately Lavinger is on leave reduction plan on Fridays and I would like him to participate. Would any of these time slots work for you:

Wednesday 9/16 10-12am

Thursday 9/17 – 1-3pm

Monday 9/21 10-12am

Wednesday 9/23 10-12am

Rizgar,

I hope you are doing well. I know that Exide is keeping you very busy!

I am sorry we weren't been able to connect last month to check in on various permitting matters and I would still like to set that up and include both Steve Lavenger and Ed Nieto. If Fridays are good, Sept 18 and 25 are open. If these dates don't work, please suggest other dates.

As you probably recall, Jeff Scott sent a letter to Barbara Lee noting his concern that the permitting commitments for FY15 will not be met. Barbara Gross and her staff are working with the DTSC supervisors to look at data to determine if there are accomplishments which can be garnered through data cleanup, in addition to those regular permit actions that you accomplish. If your staff can put the time into the data cleanup, we might be able to add at least a few additional actions before the end of this month.

I look forward to hearing from you.

Thanks, Tom
